CASE# 2017-00016247

CASE REPORT**NARRATIVE****Case Narrative****Case Number: 17-15437****Assault****Date: 05-16-2017****Ofc. P. Spak #629**

On 05-16-2017, at approximately 1530 hours, while on uniformed patrol in the City of Kirkland, County of King, State of Washington, I was dispatched to Fairfax Hospital, 10200 NE 132nd ST, for a report of an assault. The reporting party, who is a Nurse for Fairfax Hospital, [REDACTED] (DOB [REDACTED]), reported that a patient, who was later identified as [REDACTED] (DOB [REDACTED]) had kicked another patient, later identified as [REDACTED] (DOB [REDACTED]). I advised NORCOM dispatch I would be enroute.

I arrived at Fairfax at approximately 1545 hours, and contacted [REDACTED] who explained to me the following: [REDACTED] has a condition called "command auditory hallucinations" where voices in his head often tell him to assault people. Today 05-16-2017, at approximately 1358 hours [REDACTED] walked into the "West 1 Nurses Station" at Fairfax, and kicked [REDACTED]. [REDACTED] said she did not witness this, but a "Project Specialist" named [REDACTED] did. [REDACTED] then came up to [REDACTED] and advised she wanted to press charges for the assault. [REDACTED] did not complain of any injury or pain to [REDACTED]. [REDACTED] said she did not see any visible injuries. [REDACTED] later spoke with [REDACTED] who said, "Voices told me to do it."

It should be noted that I was unable to contact [REDACTED] because his working hours at Fairfax Hospital are from 0700 - 1530 hours. [REDACTED] did provide an "Addendum Progress Note" (A Fairfax Form), where [REDACTED] described what he saw. The progress note has been attached to the case jacket.

[REDACTED] went on to tell me that [REDACTED] was recently admitted into Fairfax Hospital, and due to the violent nature of her hold at Fairfax, she advised it would be very difficult to speak with [REDACTED] face to face. I wrote down the case number on my business card, and gave it to [REDACTED]. [REDACTED] said she would put my business card in [REDACTED]'s personal belongings, and also advise [REDACTED] to contact me once she is released from Fairfax, so I can obtain a written statement.

[REDACTED] and other employees of Fairfax were able to show me video of the incident. At approximately 1:58:00 pm (Time on the video), a male who was identified by [REDACTED] as being [REDACTED] walks into the frame of the video, and swipes a magazine off the counter of the Nurses Station. [REDACTED] then walks up to

CASE# 2017-00016247

CASE REPORT

NARRATIVE (continuation)

██████████, who is seated down in a chair. ██████████ with his left leg, kicks ██████████ on the right side of her face/ upper right shoulder, then walks away.

I requested a copy of the video, and it will be submitted into evidence once obtained.

I then was able to speak with ██████████. As I was speaking with ██████████, I asked him what his middle name was. ██████████ had trouble understanding my question, and giving me an answer. I asked ██████████ what his phone number was, and he said he "Didn't remember." I began reading ██████████ his Miranda Rights. I was then advised by a nurse who was standing by, that ██████████ was administered various types of emergency medications after the assault. Because of ██████████'s inability to answer my basic questions, I did not finish reading ██████████ his Miranda rights, and thought it would be best to speak with him at a later date, dependent upon ██████████'s willingness to press charges pending her release.

This report is being written as an informational report, until ██████████ is released and able to provide a written statement of the events.
